Mr. Sidney Kirschen
Flemington, New Jersey

Sir;

With reference to our telephone conversation earlier today, I would appreciate it if you would make out a new power of attorney, once more appointing my mother, Dorothy H. Middleton. However, the new power of attorney should apply only to my property in Readington Township, Hunterdon County, New Jersey, and not to any other property of mine or of my husband. The new power of attorney should give her complete control of everything on that property- the land, the house, the furniture, the machinery, the truck, the crops, etc.

With regard to the records concerning the divorce, I shall have to ask your indulgence while I investigate the matter. Since I should like to have this whole matter settled as soon as possible, I shall not delay you any longer than necessary. I trust you will be able to make out the new power of attorney with the same commendable speed as you did the other one. I am sorry to have been forced to delay matters, for my mother 's affairs must meanwhile wait.

Very truly yours,

(Mrs. William L. Krieg)
